Shines!**

I had the joy of teaching 3rd grade for 10 years at Catholic East and I am excited to start a new path as the first grade teacher in fall 2011! I received my Bachelor's Degree in Education from Concordia University in 2000, and am currently attending graduate school (also through Concordia) for my Master's degree in Professional Counseling.

One of the best things about our school is our school community. With our small class sizes, a sense of family is created both between the teachers and students, as well as among the faculty of the school. It is an ideal climate for learning and growing as Christians. I enjoy seeing the students that I have taught go on to high school and college, and then stop in to say "Hi" years later. They are truly amazing, our students. The transition from young child to young adult is incredibly inspiring to witness and I am so proud to be a part of their academic lives.

Outside of school, I enjoy spending time with my family and friends. With three nephews, and one niece, I am a busy aunt! I love being outside, so any excuse I can get to be outside, I take it! Whether it's walking, running, biking, fishing, or having coffee, outside is where I like to be.
