

K4 Kathleen Galvan

** Catholic East **

**Where
Every Student
Shines!**

Strong family values and exciting 21st century technology are part of what draw me to Catholic East Elementary, where I have taught K4 since 2006. As of fall 2011, I began a job share and am the K4 afternoon teacher.

Prior to Catholic East, I spent 6 years as a teacher at Milwaukee French Immersion School. I received my International Business Administration degree from American University in Paris, France. I also received my teaching certificate from UWM and my Master of Art in Teaching at Aurora University.

I am married to my wonderful husband, Eduardo, and I have two amazing children who attend school here at Catholic East. I enjoy reading, traveling, watching movies, gardening, roller blading, biking and doing activities together as a family.

Teaching K4 is so fulfilling because of the tremendous amount of growth I get to see in my students. It is such a joy to watch all the light bulbs go on in their heads throughout the year and see them gain self-confidence and independence throughout the year!
