

3rd Grade Sarah Mauntler

** Catholic East **

**Where
Every Student
Shines!**

I love the smaller class sizes we enjoy here at Catholic East Elementary, where I have taught since 2001. I received my Bachelor's in Elementary Education from Concordia University.

I have a family of four brothers and a sister. We love to spend time together when we can. I have three nephews and one niece, whom I adore! I enjoy exercising, reading and writing. I love being outside! Gardening and fishing have become recent hobbies.

With our smaller class sizes, you really get the chance to know the students as people and not just pupils. The staff is very friendly and the atmosphere here is full of love, comfort and friendliness.
