** Catholic East **

Where
Every Student
Shines!

One of the things I love most about Catholic East Elementary is the diversity of the school, where I have taught since 2005. I have a Bachelor of Arts in Elementary Education from Marquette University and taught for two years before coming to Catholic East.

I recently got married to my husband, JJ, and bought a house in Wauwatosa. My family—including my parents; my brother, his wife and their three kids; and my sister and her husband and their three children—all live in Kansas City. My youngest sister is a nurse in Kansas City. JJ's family all lives in the Milwaukee area. Family and friends are very important to me, as well as my faith. I enjoy exercise, board games, trying new recipes, spending time with family and friends, watching movies, sports (basketball and football) and water skiing.

The other things I love most about Catholic East Elementary are the new challenges each year, seeing the students connect new information across all subject areas, teaching about our Catholic faith and having discussions with the children about it. I love teaching 4th grade because the students are independent and they love school. I really enjoy teaching them in these transitional years in preparation for middle school.
