**Where
Every Student
Shines!**

I love the diversity we enjoy here at Catholic East Elementary, and we have a fantastic staff, too. I came here in 2003 and taught for two years previously.

I have a Bachelor's degree in Elementary Education and Spanish from Loras College in Dubuque, Iowa.

I grew up in Des Moines and came to Milwaukee for a teaching job because I wanted to live in a bigger city. My husband also is a high school religion teacher at Messmer High School, and we have two children. We enjoy our summers off together. I also like to read, cook, draw, walk and work on projects around the house.

Teaching computer class is so exciting and so much fun. It's amazing to see all the great things the kids discover and create. There's just so much potential with technology.
